## MESSAGE FROM PRINCIPAL

**SURYA BAHAHUR ADHIKARI**

**Founder-Principal**

Dear students and guardians Best wishes from Joseph School and College. Happiness leaves no bound at this auspicious occasion to make it public that the energetic managing team members, faculty staff and participative students of Joseph School and College have been ideally geared to working for creative endeavors and fruitful outcomes.

This is indeed, a great pleasure that Joseph students have learnt to be groomed in team culture and independent tasking. The result has been that our students are often involved in various kinds of creative, constructive and academic projects and ECA as well. AS a result, our students have ever gifted us to witness numerous achievements in various areas as sports, volunteers, project and more.

Our successful period of more than two decade has proved our slogan "Be Good, Do Good" and it is a subject of pride, glory and gratification. Joseph High School/College & I. Joseph Public School has been launched with a revelation to convey quality education to a multicultural group of students in pluralism. It predominantly focuses on education, enthusiasm, devotion and discipline. The hallmark is itself the learning experience we provide which has consequently rendered an honour throughout the nation. Joseph High School has been awarded with National prize of 2066-67 as a renowned educational institution in Nepal by the Ministry of Education and Sports. The school has achieved 100% S.L.C./S.E.E. since the initial batch 2059 B.S. It has developed sisterly relation with the World famous Pre Schools, Middle Schools, Higher Secondary Schools and Universities at different country.

I institutionally convey my gratitude to all guardians, educationalists, teachers and well wishers for their priceless contribution in building this institution. It is running with a strong vow to do (still) much better.

## MESSAGE FROM PRINCIPAL

**MANOJ ADHIKARI**

**Principal, I. Joseph Public School**

No organization can boom in absence of a strong, dedicated, determined, devoted, enthusiastic, creative and productive management team. Regarding the management of Joseph Educational Network, we have all the features mentioned above. We have divided our management teams separately in order to make the operational activities more dynamic.

Our management team believes that every student have some kind of hidden aptitude and we explore their aptitude with appreciative inquiry. We never point out at students that they are wrong rather we look into ourselves as why we have not been able to make them understand. We create such an environment in which students can thrive academically and grow as empathetic and compassionate human beings with ample professional qualities; "Entrepreneurship Quality" and simply a "Good Human Being".

We have another belief that students of today's world must have cosmopolitan vision in absence of which students will remain paralyzed despite having a sound academic education.

Likewise, all of our curriculum and extra activities are student centric which must be done for the students by the students. We are regularly motivating the students and teachers for productive team work to maintain smart and standard performance.

Finally, we would like to welcome all the aspiring students at premises of "Joseph Educational Network" and feel its flavour.

## LEARNING PEDAGOGY

Faculty members, who keep abreast of modern teaching pedagogies, deliver their lectures making use of multi-media and visual aids besides white boards in the classroom. Our classroom deliveries are finely balanced between oratory method as well as participatory method that involve the interaction between students and faculty members. Manageable number of students are placed in a class so as to enable faculty to give students required individual attention.

The performance and progress of each student is monitored closely and shall be discussed with the parents/guardians during the pre-scheduled parent-faculty meetings after every major term examinations. However, in case of academically challenged students, such interactions will be scheduled more on need come basis.

Renowned academicians and personalities from different fields and walks of life are invited to deliver lectures on pragmatic and current issues on regular basis so as to provide knowledge beyond the contents of a course-work.
